

RETRACTABLE POSTS

The RetractaPost-GL range of posts are suitable for a variety of applications from car show rooms, access control and car parks to Retail parks, shop fronts and domestic driveways.

The posts are manufactured in house by Autopa and are available in a variety of sizes and finishes. **Larger sizes are available with Lift assist.** Standard RetractaPost-GL's are available in two heights 745mm and 900mm, Lift assist posts are 900mm above ground.

All posts have an integrated push lock at the base of the post and are supplied with two keys with push to lock action.

- Made from Mild steel round tube.
- Galvanised finish with red/white reflective tape is standard.
- Colour coated finishes available extra.
- No internal mechanism.
- 7 pin anti drill centre push lock.
- Supplied with 2 keys.
- Available randomly or identically keyed.
- Available in stainless steel grade 304, brushed finish.
- Includes sprung flap cover to protect the lock.
- Lift assist reduces lifting weight between 70-80%.
- Lift assist includes an internal core the complete length of the post.

Model	Below ground mm	Above ground mm	Diameter mm	Wall thickness mm	Gross weight kg	Pull up weight kg
