

The VELOPA Birmingham Cycle Stand

The VELOPA Birmingham Cycle Stand features an integrated signage plate and tapping rail, making it fully compliant with the cycle parking recommendations on the Birmingham transport network. The signage plate incorporates the Cycle Parking 'P' and cycle symbol signs as standard ensuring cycle parking areas are easily identifiable at all times.

The design of the Birmingham Cycle Stand allows cyclists to secure the frame and wheel of their bicycles to the stand using their own lock. Each stand is suitable for securing up to two bicycles.

Manufactured from galvanised steel tube and ragged as standard; flanged, colour coated and stainless steel versions are also available. RAL/BS numbers must be specified at time of order. Reflective tape can be added to the stand to further enhance visibility if required.
