

**The VELOPA MM Cycle Locker**

The VELOPA MM Cycle Locker is an extremely robust and secure cycle locker. The MM Cycle Locker is designed to store up to 6 bicycles (Type B Cycle Rack for 5 or 3 Sheffield Cycle Stands). The integrated doors can be locked with a padlock. The MM Cycle Locker is available in two versions the MM1, which has mesh sides and rear (left and right images) and the MM2 which has clad sides and rear (centre image). The MM Cycle Locker is available with extension bays to enlarge the storage capacity (left and right images).

The practical and durable nature of the VELOPA MM Cycle Locker ensures that the locker is suitable for all environments where high security cycle parking is required.

**Options**

Order Code	Description	Weight
138 200 090	MM1 Cycle Locker (Main Bay)	400.0kg
138 200 092	MM1 Cycle Locker (Extension Bay)

138 200 097	MM2 Cycle Locker (Extension Bay)	

**Product details**

2,153mm x 2,400mm x 2,060mm (Height x Depth x Width)  
Frame; 50mm x 50mm square section galvanised mild steel tube.  
Roof and Cladding (MM2 version) galvanised profiled 0.5mm steel, plastic coated.  
Lower panels 1.0mm galvanised sheet steel (Please specify BS/RAL colour).

**Installation & use**

Each shelter leg requires bolting down to a suitable concrete surface (not less than 450mm x 450mm x 400mm) by means of 4 12mm anchor bolts. The area surrounding the installation must be flat and level with no nearby surface irregularities or gradient changes. On-site assembly requires construction skill. This product is guaranteed for 12 months (if installed and used correctly).
