

The AUTOPA GFC 3500 (Morpeth) Ornamental Bollard

Elegant but functional in its design the GFC 3500 (Morpeth) Ornamental Mild Steel Bollard is constructed using mild steel, galvanised to ensure its longevity. Caps and rings of cast iron are welded on to the steel body to complete the design. The bollards are available in a galvanised and a galvanised and coated finish. RAL numbers must be specified at time of order.

The bollard comes ragged as standard, flanged and removable options are available. Eyelets, hooks and chains can be added to these bollards to complete the decorative effect. Please ask for more information.

Product Range

Order Code	Description	Lift Out Weight	Weight
138 120 307	Removable (Galvanised)	13.7kg	18.4kg
