TopLok Parking Post Galvanised, Galvanised & Colour or Stainless

The hinged parking post is still the preferred choice for the protection of individual parking spaces throughout Britain.

The extremely durable and reliable design of the hinged parking post ensures your parking space will always be available. The reflective, high visibility label ensures your parking post will always be seen.

The TopLok parking post is unlocked by removing the padlock from the locking bar. The post is then fully raised or lowered and relocked by securing with the padlock (padlock not supplied - available as an optional extra)

Available Galvanised, Galvanised and Colour Coated, or Stainless Steel (Grade 304)
