

Hooped Perimeter Barrier

60mm Diameter

Stainless Steel, Removable

Perimeter Barriers are designed to help secure site perimeters and provide a permanent obstacle to vehicle access, to mark boundaries, define trolley parks and protect vulnerable door entrances and exits.

Suited to sites where aesthetics and security are equally important, perimeter barriers are commonly found outside car showrooms acting as protection for the cars on the forecourt without impeding a customer's view of the vehicles.

Available in a variety of heights and widths, available as concrete in, bolt down or removable for occasional access.

Galvanised, Stainless steel, galvanised and colour coated available.

Part Number	Description, Height above ground x overall width	Weight (kg)
138 205 241R	500 x 750 Stainless Steel Grade 304 - Removable	13kg
