

# Key Locking Removable Perimeter Barrier

## 90mm Galvanised Steel

Key Locking Removable Perimeter Barriers are designed to help secure site perimeters and provide a permanent obstacle to vehicle access. Best suited to sites where aesthetics, security and flexibility are equally important.

These perimeter barriers are commonly found outside car showrooms, helping to protect the cars on the forecourt without impeding a customer's view of the vehicles.

This style of removable perimeter barrier achieved Sold Secure SS105:2012 - Gold (Security Posts). Sold Secure products are evaluated using methods approved by the Police and the Home Office.

Tested and approved by Sold Secure.

This product has achieved Secure by Design status.
