

## EB100 900mm Polyethylene

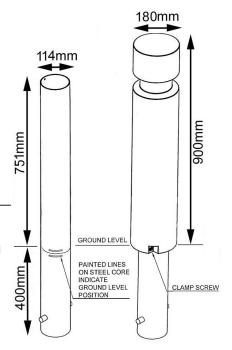

Highly versatile and suited for a wide range of applications, the AUTOPA EB100 Steel Core Bollard is the preferred option for many retail parks. Extremely durable and 100% recyclable, the EB100 bollards feature a high strength galvanised steel core under a rugged medium density polyethylene (MDPE) sleeve. The sleeve is fully removable, and can be easily replaced if damaged.

The bollard is supplied concrete in and black as standard. Bolt down and removable versions are also available.

Reflective bands can be added at an extra cost.
