

EB300 Plastic Marker 1000mm Polyethylene

With a unique, slimline design, the EB300 bollard from AUTOPA is ideal for marking paths where space is at a premium. The EB300 bollard is highly versatile and manufactured from hard wearing medium density polyethylene (MDPE).

The bollard is supplied concrete in and black as standard. Self-adhesive reflective strips can be added to the neck of the bollard if required

For demarcation purposes, the EB300 is available ragged only with an above ground height of 1000mm.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 160 100	EB300 - Concrete in (hollow - sleeve only)	1kg
