

Square Fixed Bollard 750mm Above Ground 50mm - 150mm Square Galvanised - Bolt Down

The galvanised mild steel range of 750mm tall square fixed bollards are suitable for a range of applications and are ideal as a complement to the Autopa ranges of square Parking Posts, RemovaPosts and RetractaPosts.

The bollards are available in 50mm - 150mm square tube and come finished with a welded flat steel cap.

The Fixed Bollard is available with extended legs for casting into concrete or a flange plate for bolting down.

Concrete in, removable and colour coated versions also available.

Installation & use

Bolt down to a suitable concrete surface.

Telescopic, removable and concrete in are supplied with welded fixing spikes to ensure firm ground anchorage into concrete.

Telescopic, removable and concrete in require a suitable excavated hole for installing into concrete.

Products are guaranteed for 12 months (if installed and used correctly).
