

Plain Round Bollard 1000mm Above Ground 114mm Diameter Yellow & Red

AUTOPA's range of Yellow & Red Bollards offers a simple and cost effective means of establishing control over parking and access. They are ideal for use around pedestrian precincts, pavements, play and parking areas, as part of traffic calming measures, pedestrianisation schemes and as a deterrent to ram-raiders.

These Yellow & Red Bollards are 114mm diameter available flanged for bolting down onto concrete or ragged for casting into concrete. The bollards are galvanised and powder coated yellow, and are complete with 2 x 100mm red reflective bands spaced at 100mm from the top of the bollard.

Available in 1000mm and 1200mm heights.

Part Number	Description	Weight (kg)
138121431	114mm Yellow & Red - Bolt Down	12kg
138121431R	114mm Yellow & Red - Concrete In	12kg

Product details

- 3mm wall thickness
- Concrete in 400mm (below ground)
- 3 bolts required per bollard (bolt down)
- Round flange plate – 180mm x 5mm
