

AUTOPA

Square Fixed Bollard 900mm Above Ground 50mm - 150mm Square Galvanised and Black & White - Concrete In

AUTOPA's range of Square Black and White Bollards offers a simple and cost effective means of establishing control over parking and access. Square Black and White Bollards are ideal for use around pedestrian precincts, pavements, play and parking areas, as part of traffic calming measures, pedestrianisation schemes and as a deterrent to ram-raiders.

The complete range of Square Black and White Bollards are available in diameters from 50mm to 150mm and are available with extended legs for casting into concrete or with a flange plate for bolting down.

Additional colours and removable versions are also available.
