

# Banbury Cycle Shelter

The VELOPA Banbury Cycle Shelter is a fully modular, contemporary, cantilevered cycle shelter. Manufactured from mild steel and galvanised as standard to ensure its longevity, the Banbury Shelter is compatible with all standard height VELOPA cycle stands and racks. Two, three, four or five metre extension bays can be added to achieve the desired shelter length.

Available ragged only, the Banbury Cycle Shelter can be colour coated to any standard BS or RAL colour as required; codes must be specified at time of order.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 204 570	2m Main Bay, Concrete in	190.0kg
138 204 572	3m Main Bay, Concrete in	235.0kg

138 204 573	3m Extension Bay, Concrete in	178.0kg
138 204 575	4m Extension Bay, Concrete in	223.0kg
138 204 577	5m Extension Bay, Concrete in	268.0kg

## Product details

- 100 x 50mm and 50mm square galvanised steel tube
- 4mm clear PET sheet
- Colour coated options available extra
- Extendable to any length using extension bays

## Installation & use

Concrete in versions require an excavated hole (no less than 1200mm x 600mm x 550mm per end (length x width x depth)).

Allow at least 50mm below the foundations for drainage.

Cladding/roofing needs to be drilled/fixes on site. Sheeting is clamped to frame using clamping strips.

This product is guaranteed for 12 months (if installed and used correctly).
