

Chiswick Cycle Shelter

The VELOPA Chiswick cycle shelter is a flexible free standing, double sided shelter that can be used for both motorbikes and traditional bicycles. Manufactured from mild steel and galvanised as standard to ensure its longevity, the Chiswick can accommodate up to 10 Sheffield cycle stands, providing secure storage for up to 20 bicycles.

Fully modular, the Chiswick can be extended as required to increase the cycle parking available on site.

<u>Part Number</u>	<u>Description</u>	<u>Weight (kg)</u>
138 200 570	Chiswick Cycle Shelter Main Bay, Concrete in	1102.0kg
138 200 575	Chiswick Cycle Shelter Extension Bay, Concrete in	1102.0kg
