

## The VELOPA Hillmorton Cycle Stand

The VELOPA Hillmorton Cycle Stand is based on the popular Sheffield Cycle Stand. A familiar sight throughout the UK, the design allows the frame and wheel of the bicycle to be secured by the cyclists own lock. Each stand is suitable for securing two bicycles at once. The Hillmorton Cycle Stand has an integrated signage plate, with the Cycle Parking 'P' and cycle symbol signs incorporated into the design as standard. The lower edge of the signage plate sits 350mm above the ground.

Manufactured from galvanised mild steel; this practical and durable stand is ideal for busy public areas. Supplied galvanised and ragged as standard; flanged, colour coated and stainless steel versions are also available. RAL/BS numbers must be specified at time of order. Reflective tape can be added to maximise visibility.

## Product Range

Order Code	Description	Weight
138 515 085	Ragged (galvanised)	13.9kg
138 515 095	Flanged (galvanised)	12.4kg
138 515 090	Ragged (galvanised and coated) (please specify BS/RAL number)	13.9kg
138 515 100	Flanged (galvanised and coated) (please specify BS/RAL number)	12.4kg
138 515 087	Ragged (stainless)	10.6kg
138 515 097	Flanged (stainless)	9.8kg

## Installation Parts

138 100 994	12mm Expanding Bolt (flanged only; 6 required per stand)
138 100 968	45mm x 500mm Reflective Tape (please specify colour at time of order)

## Product details

750mm x 800mm (height x length).  
48mm diameter tube.  
3mm wall thickness (galvanised).  
2mm wall thickness (stainless).  
Signage Plate: 150mm x 700mm (height x length).  
300mm below ground (ragged only).

## Installation & use

Flanged versions require bolting onto established concrete of at least 300mm<sup>3</sup> per leg.  
Ragged versions require setting with concrete into a hole of at least 300mm x 300mm x 350mm (length x width x depth).  
Allow at least 800mm between stands and a minimum of 450mm from any obstruction.  
This product is guaranteed for 12 months (if installed and used correctly).
