

The VELOPA T20 Cycle Shelter

The T20 Cycle Shelter is a free-standing double sided bicycle shelter, suitable for two rows of cycle parking. The T20 Shelter is a budget shelter which can trace it's roots back to the 1950's. This simple, functional shelter is constructed of a tubular steel frame with corrugated roof panels. The Shelter can be extended by the addition of extension bays, the shelter is only available with Ragged base, for casting in to a new, suitable concrete surface.

The T20 Cycle Shelter can accomodate up to 16 bicycles with a Type A Cycle Rack or with 8 Sheffields Cycle Stands.

Product Range

Order Code	Description	Weight
138 200 024	Main Bay (Ragged)	240.0kg
138 200 025	Extension Bay (Ragged)	210.0kg

Product details

2,200 (Height, Apex). 2,100mm (Height, Front & Rear) above ground.
300mm below ground.
4,660mm (Depth).
3,355mm (Length).

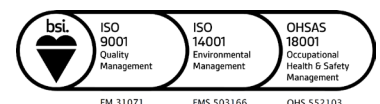

Installation & use

Each shelter leg requires fixing down to a suitable, new concrete surface (not less than 1,000mm x 500mm x 400mm).
The area surrounding the installation must be flat and level with no nearby surface irregularities or gradient changes.
On-site assembly requires construction skill.
This product is guaranteed for 12 months (*if installed and used correctly*).
