

*Designed to be used in conjunction with access control products, the Sign Post allows site managers to provide information to drivers using traffic signs and mirrors.*

*The Sign Post is supplied as Galvanised Steel as standard and is available in either ragged for casting in to concrete or flanged for bolting down.*

*Coated finish is available as an option extra (RAL / BS numbers must be specified at time of order).*

## Product details

2000mm height above ground  
500mm below ground depth (Ragged)

## Installation & use

Each flanged post requires bolting down to a suitable concrete surface (not less than 300mm cubed) by means of three 12mm anchor bolts.  
Each ragged post requires casting into concrete (not less than 300mm x 300mm x 500mm).  
This product is guaranteed for 12 months (if installed and used correctly).
