

Square Fixed Post 750mm Above Ground 90mm - 150mm Square Galvanised

The galvanised mild steel range of 750mm tall square fixed posts are suitable for a range of applications and are ideal as a complement to the Autopa ranges of square Parking Posts, RemovaPosts and RetractaPosts.

The posts are available in 50mm - 150mm square tube and come finished with a welded flat steel cap.

The Fixed Post is available with extended legs for casting into concrete or a flange plate for bolting down.

Removable and colour coated versions also available.

Product details

- 750mm tall
- Cast in posts 250mm below ground
- Colour coated options available extra
- Reflective bands available

Installation & use

Bolt Down Fixed Posts require bolting to a suitable concrete surface (no less than 300mm cube) by means of three M12 bolts.

Concrete In Fixed Posts are supplied with welded fixing spikes to ensure firm ground anchorage.

Concrete In posts require an excavated hole (no less than 300mm deep) for installation.

This product is guaranteed for 12 months (if installed and used correctly).
