

Hooped Perimeter Barrier 48mm Diameter Stainless Steel, Bolt Down

Perimeter Barriers are designed to help secure site perimeters and provide a permanent obstacle to vehicle access, to mark boundaries, define trolley parks and protect vulnerable door entrances and exits.

Suited to sites where aesthetics and security are equally important, perimeter barriers are commonly found outside car showrooms acting as protection for the cars on the forecourt without impeding a customer's view of the vehicles.

Available in a variety of heights and widths, available as concrete in, bolt down or removable for occasional access.

Galvanised, Stainless steel, galvanised and colour coated available. Tube diameters 48mm, 60mm, 76mm & 90mm available.

Part Number	Description, Height above ground x overall width
138 205 048	500 x 500 (Bolt down)
138 205 068	500 x 1000 (Bolt down)
138 205 064	500 x 1500 (Bolt down)
138 205 065	500 x 2000 (Bolt down)
138 205 090	750 x 1000 (Bolt down)
138 205 088	750 x 1500 (Bolt down)
138 205 084	750 x 2000 (Bolt down)
138 205 078	1000 x 1000 (Bolt down)
138 205 074	1000 x 1500 (Bolt down)
138 205 070	1000 x 2000 (Bolt down)

Product details

- M12 Expanding Anchor bolts - 6 required per barrier (extra)
- Grade 316 available extra
- 48mm Diameter Stainless Steel Tube Grade 304
- Brushed finish
